

Garbage Pick Up Will Continue Through Weekend

December 27, 2012

Icy roads on the way to the landfill at Iowa Park have caused the contractor who picks up garbage in Graham to be running behind schedule this week. Combine the icy roads with the Christmas holidays and pick up is generally running two days behind schedule. For example, it will be Friday before the contractor is caught up on some of the roll out poly cart routes in the city that are normally picked up on Wednesday. Other dumpsters normally picked up on Thursday and Friday will not be emptied until the weekend.

IESI says icy roads in the Wichita Falls area, especially the road going to their landfill at Iowa Park have set them back several days on picking up trash. IESI has informed the city that they will be working through the weekend to catch up. The delay is regretful during the holiday season, but safety takes precedent in such situations.

The City of Graham Public Works Department oversees parks, cemeteries, streets, water and wastewater treatment and distribution systems. Public works employees take pride in helping Graham be a great place to live and work.
