The Graham Fire Rescue Auxiliary is sponsoring this years smoke detector program.

The Fire Department will be installing smoke detectors free of charge . Our goal is to provide detectors to fixed income senior citizens and families with children that cannot afford them . The program will kick off in October along with National Fire Prevention . Graham Fire Rescue Auxiliary will also be taking donations to help with the program . Citizens can donate money or a new smoke detector . Donations can be dropped off at the Fire Station at 815 First Street . To get on a list for a smoke detector please call Graham Fire Rescue at 549 4013 or 549 4014 give your name, address and a phone number so the firefighters can set up a time to install a detector . If you already have a smoke detector the fire department wants to remind you that its time to test and replace your detectors battery .
